Plan to Solicit Participation? (200 Words Maximum)

How many attendees do you estimate will be attending?

Describe how you will advertise and encourage participation in your event. Estimate the number of participants that you expect, and provide a basis for this estimate, such as attendance at similar events in past years. If you have organized similar events in the past, list them and provide the estimated attendance at each.

TUTORIAL PROPOSAL FORM

Plan to encourage interaction among participants (200 Word Maximum)

Describe how you will promote active discussion. Steps that result in participants staying for the entire event and that increase the level of interaction between established experts and early-career researchers are particularly welcome.

Dissemination and Follow Up (200 Word Maximum)

Describe briefly a dissemination plan of the outcome of the workshop.

Creation of an online accessible archive for discussions, media and related articles is strongly encouraged: describe the process and how access may be provided to participants and IEEE Sensors 2018 attendees.

Please indicate if you would be interested in submitting review article to IEEE Sensors Journal.

Equipment

A computer projector and screen will be provided. List all other required equipment, such as poster stands (how many), an easel and writing pad, etc.
